---

Dear Customer,

SAJ now offers a 5 + 5 Years Warranty for the inverters from June 1,2019 (5 years Standard Warranty + 5 years Parts Warranty). This specifically applies to SAJ Sununo Plus 5K-M inverters.

Only this type of inverters purchased by SAJ and/or SAJ authorized distributors before Dec. 31, 2020 and are sold and installed are in Australia eligible for this 5 + 5 Years Warranty.

When the Standard Warranty expires, the Parts Warranty will automatically take effect.

The notice is in conjunction with the SAJ after-sales service policy and has defined the 5 + 5 Years Warranty terms and conditions in detail for SAJ inverters.

Yours sincerely,

Product Marketing Director :

Guangzhou Sanjing Electric Co., Ltd.
